

Back view showing optional integrated computer

Bridgeview 21.5"

Marine Display

Built on the same proven platform as our CG Elite monitors, Bridgeview LCD monitors offer excellent value and daylight readable performance. Available in sizes from 12" to 21.5" and with either AC or DC power input, Bridgeview monitors are the perfect choice for all of your display needs.

Standard features include marine grade aluminum construction, one-touch input selection, red monochrome night mode and dedicated backlit front controls. MarineNav displays are internationally known for their quality and reliability. All of our marine displays are backed with a standard 2 year warranty (2nd year with product registration). Available with optional integrated computer (15", 19" and 21.5" models only).

Marine Display Features
