Leviathan 17i IEC Rack

Marine Computer

MarineNav Ltd is pleased to present the Leviathan 17i IEC Rack. All of the reliability and power of our classic Leviathan 17i computer is now available as a rack unit. Best of all, this rack system is IEC 60945 compliant and is built to meet type approval requirements.

Featuring an industrial grade motherboard with MTBF of over 100,000 hours and solid state memory, this computer is a perfect fit for commercial, industrial and military applications. The Leviathan 17i IEC Rack is the perfect computer system for running radar systems, Integrated Bridge Systems (IBS), Electronic Chart Display & Information Systems (ECDIS), Dynamic Positioning Systems (DPS), and Voyage Data Recorders (VDR).

Features

- IEC 60945 compliant
- Industry standard 19" design fits existing racks
- Industrial motherboard with 100,000 hours MTBF
- Solid state storage
- Anti-shock and anti-vibration design
- Can operate dual independent screens
