Mariner 15"

Marine Display

MarineNav Ltd. has developed its cost-effective Mariner Series marine displays specifically for commercial vessels requiring dedicated single-input marine grade displays. Ideal for use with Engine Management, Advanced Vessel Monitoring, and radar systems, our Mariner displays feature 300-400 nits brightness and dedicated backlit front controls. All of MarineNav's displays are constructed from marine grade aluminum and come with a two year warranty (2nd year with product registration).

Mariner Series displays are available in 15", 19", 21.5", and 24" sizes and offer a number of options including enhanced brightness, front and/or rear IP 65 water-resistance, and composite inputs.

Features

- Optional IP65 water-resistance front and/or rear
- Backlit front controls
- VGA and HDMI/DVI input, optional composite
- Console flush or VESA mounting options
- Two year warranty (2nd year with product registration*)
- Available in DC
