Mariner 19X

Marine Display

MarineNav Ltd. has developed its cost-effective Mariner 19X marine display specifically for commercial vessels requiring dedicated single-input marine grade displays. Ideal for use with Engine Management, Advanced Vessel Monitoring, and radar systems, our Mariner 19X display features 300 nits brightness, red monochrome night mode and dedicated backlit front controls.

All of MarineNav's displays are constructed from marine grade aluminum and come with a two year warranty (2nd year with product registration*).

Features

- Backlit front controls
- VGA, HDMI, DVI, composite inputs
- Console flush or VESA mounting options
- Two year warranty (2nd year with product registration*)
- Available in AC
